

CONFERENCE PAPERS 2009

- Barjenbruch, M., et al. (2009). Onlinemesstechnik im Labor- und Praxistest. Lehrer- und Obleutetag des DWA Landesverbandes Nord-Ost, Teltow, Germany, 27 February 2009.
- Grützmaker, G., et al. (2009). Occurrence of cylindrospermopsin, anatoxin-a and saxitoxins in France and implications for drinking water production. 14th international conference on toxicity assessment. Metz, France, 30 August – 04 September 2009.
- Grützmaker, G., et al. (2009). Drinking Water Supply in Berlin - a Module within the Urban Water Cycle. WssTP workshop on Managed Aquifer Recharge. Graz, Austria. 29-30 June 2009.
- Julich, S., et al. (2009). Management scenarios for reduced nitrate loads in a small catchment in Brittany (France) - the problem of data scarcity and the resulting predictive uncertainty. 5th International SWAT Conference. Boulder, Colorado, USA, 5-7 August 2009.
- Knobel, K., et al. (2009). Community comparison of clogging-related bacteria in Berlin water wells. VAAM. Bochum, Germany, 8-11 March 2009.
- Lesjean, B., et al. (2009). International Review of Rainwater Harvesting Management: Practices, Market and Current Developments. IWA Specialised Conference RWHM 2009. Tokyo, Japan, 7-11 September 2009
- Matzinger, A., et al. (2009). Impact assessment of combined sewer overflows on the River Spree in Berlin, Germany. ASLO Aquatic Sciences Meeting 2009. Nice, France, 25-30 January 2009.
- Pawlowsky-Reusing, E., et al. (2009). The Berlin Force Main Model - Application of InfoWorks 9.5 CS® for the evaluation of a large force main network and the pollution load to a WWTP. Wallingford Software User Conference. Reading, UK, 15-16 September 2009.
- Rettig, S., et al. (2009). Development of a monitoring concept for combined sewer overflows - testing of modern online-sensors. IWA 1st East European Regional Young Water Professionals Conference. Minsk, Belarus, 21 May 2009.
- Schroeder, K. (2009). Pharmaceutical residues in the urban water cycle - An overview of the state of the art. Trinkwassergewinnung und Ressourcenschutz - Fachtagung des Kompetenzzentrum Wasser Berlin im Rahmen der Wasser Berlin 2009. Berlin. Germany, 1 April 2009.
- Schwarz Müller, H., et al. (2009). Einfluss der Schalthäufigkeit auf die Brunnenalterung. 1. Basler Brunnentage. Basel, Switzerland, 2-3 November 2009.
- Sonnenberg, H., et al. (2009). Dimensioning of a stormwater tank using long-term simulation and assessment of uncertainties. Urban Drainage Modelling 09. Tokyo, Japan, 7-11 September 2009.
- Sprenger, C., et al. (2009). The Potential of River Bank Filtration for Reducing Chemical Pollutants and Pathogens from River Water in Megacities: The New Delhi Experience. 1st IWA Development Congress. Mexico City, Mexico, 15-19 November 2009.
- Stüber, J., et al. (2009). Investigations on enhanced denitrification capacities of the ENREM process scheme using a synthetic monosubstrate. IWA 2nd Specialized Conference. Krakow, Poland, 6-9 September 2009.
- Wittstock, E. (2009). Brunnenmanagement – ein Forschungsvorhaben zur Optimierung des Betriebs von Brunnenanlagen. Trinkwassergewinnung und Ressourcenschutz - Fachtagung des Kompetenzzentrum Wasser Berlin im Rahmen der Wasser Berlin 2009. Berlin, Germany, 2 April 2009.
